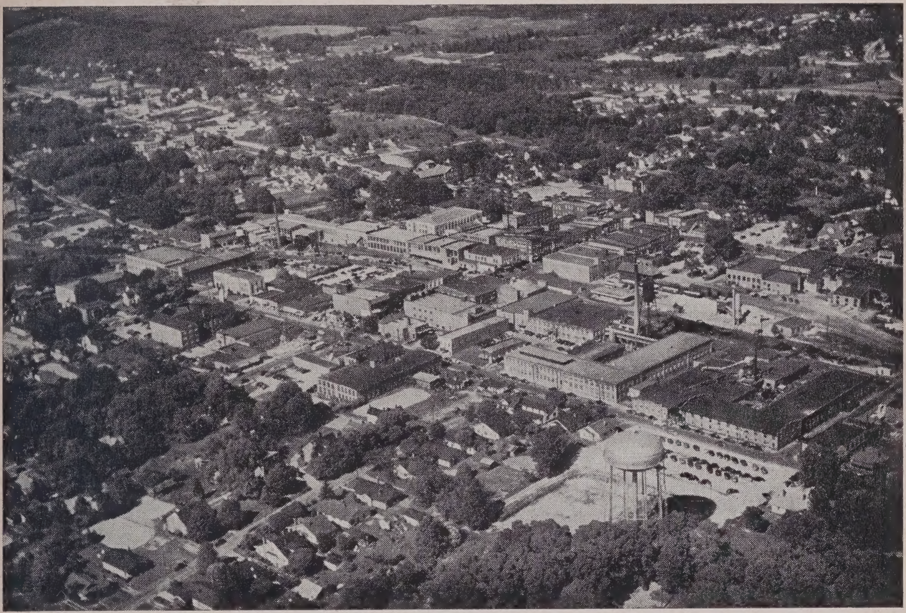
Four Times Winner of the "Finer Carolina" Award and Still Building.



Air View of Business Area of Asheboro

Midway between the Atlantic beaches and the Great Smokies, in the heart of the agricultural rich and industrially thriving Piedmont section of North Carolina, Asheboro is the county seat of 800-square mile Randolph County and is located very nearly in the geographical center of the state.

It is about 180 miles east of Asheville, and is approximately the same distance northwest of Wilmington. It is 25 miles south of Greensboro and 50 miles north of Pinehurst, the famous winter resort. The elevation of the city is 860 feet above sea level. The heart of the business district is on the highest level between two extensive watersheds, giving the city adequate drainage and freedom from floods. Streams on the eastern side of the city flow into Deep River and thence into the Cape Fear, while drainage on the western side of the city is into the Uwharrie River and thence into the Yadkin.

Asheboro's mean temperature, according to complete weather records kept over a period of 30 years, is 60.5 degrees. Zero temperatures are exceedingly rare and 100 degree temperatures have been recorded only a very few times by the Weather Bureau. Statistics over a

803/85

long period of time give Asheboro a yearly average of 132 clear days, 115 partly cloudy and 118 cloudy days.

Asheboro is located amidst a range of long-eroded and timber covered mountains, the Uwharrie Mountains, described by geologists as the weathered remnants of peaks which pre-dated the Great Smokies and in bygone ages rivalled the Alps in their grandeur. Although the small mountains surrounding Asheboro today are only several hundred feet high, they unfold a variety of beautiful scenery from every highway in the country.

POPULATION

Asheboro's growth has far outstripped its city limits. The 1950 Federal Census gave Asheboro a population of 7701. With the expansion of many of its industrial plants and the construction of new industries and residences beyond the city limits, the 1960 Federal Census listed a population of 9,449 within the city limits and in the unincorporated areas to the south 1515, west 1228, and north 3805 for a total of 15,997. Greater Asheboro (Asheboro Townships) has a population of 17,343. Randolph County's population is 61,497 (1960 Census).

HISTORICAL

The legal existence of the Town of Asheboro began with the ratification on Christmas Day, 1796, of the original Act of Incorporation by the General Assembly of North Carolina. In that charter the name was spelled "Asheborough" which subsequently has been abbreviated to Asheboro. The location of the town was in a large undeveloped tract of land and was selected by reason of its being the center of Randolph County. Soon after its incorporation, the County Seat was moved to this place named Asheborough in honor of Governor Samuel Ashe. The town received a second charter from the Legislature in 1845, and a third in 1883, which, subject to numerous amendments and additions, is now the existing charter. For nearly 100 years Asheboro continued its existence as a County Seat and trade center for the surrounding rural community, but its population had not reached 300 until the first railroad was completed in 1889, connecting Asheboro with High Point. Immediately thereafter a number of lumber plants and other small business ventures were launched in the community, and Asheboro began to grow. The census of 1890 indicated a population of 510.

During the next decade considerable growth took place. The lumber business developed into a flourishing industry through the cutting and marketing of a large volume of pine and hardwood timber in this vicinity. The local school was expanded from a one teacher affair to what became known as the Asheboro Grade School. The Bank of Randolph was organized, this being the first banking institution in the county. A second railroad was built in from the south which become a part of the Norfolk-Southern Railway System but was abandoned in 1952.

In 1900 the official census showed that the population of Asheboro had increased to 992, having almost doubled during the ten-year period. It was at about this time that the People's Building & Loan Association was organized, thereby making available a service which has had considerable influence upon the growth and progress of the community. The Ashebore Electric Company was organized in 1905. Asheboro's first electric light and power utility. In 1907 the First National Bank was chartered and like the Bank of Randolph, is still "doing business at the old stand." The textile industry, started in 1908, has become the leading industry in the community. A municipal water and sewer system was installed in 1909-1910, which has been enlarged and revamped from time to time to keep pace with the growth of the city.

By 1910, Asheboro had begun to form the habit of doubling its population each decade as the census of that year showing 1,865 people living within the incorporated area. Asheboro had begun to forge ahead, and in 1917 the Randolph Building & Loan Association was organized. In 1910-1920 approximately seven miles of streets were paved. Subsequently additional paving of streets and sidewalks took place as rapidly as required.

In 1920, census having shown a count of only 2,529, the people of Asheboro began to lay plans that resulted in the greatest expansion of any similar period up to that time. Several new industries were organized and existing ones enlarged. In 1924 the Carolina Power & Light Company purchased the local electric plant and extended its high tension lines to Asheboro, thereby tying in the local distribution system with the inter-connected high voltage network serving the Southeastern States. By 1930, the population had increased to 5,021 and even though the depression came, Asheboro moved steadily ahead.

In 1940, the census credited Asheboro with 6,981 people, but Asheboro was no longer confined within the city limits. Suburbs had begun to develop and the principal residential growth had taken place in this "fringe" area. This trend became more pronounced, as new industries, commercial enterprises, and residences to house a rapidly growing population sprang up along the streets and highways leading out of Asheboro.

In the decade from 1941 to 1951, Asheboro experienced its greatest growth for any like period in its history. New industries located here, and manufacturing processes became more diversified. Electric blankets by General Electric; flashlight batteries by National Carbon; fabrics by Klopman woven from synthetic yarns; overalls by Blue Gem; T-Shirts and shorts by Stedman; ladies fine underwear by Pinehurst Textiles; all came from new plants built since the close of World War II. Previously established industries expanded plants and processes during this period. Service facilities—water, electric, and telephone—kept pace with community growth and provided ample facilities for the future. Carolina Power & Light Company built a new 110 KV line into Asheboro; extended its 66KJ lines to Liberty; installed a new substation at Asheboro with a total capacity of 30,000 KVA; increased and enlarged its feeders and installed automatic equipment sufficient to provide an ample and dependable supply of power for Asheboro and surrounding suburban and rural areas. Additional equipment is being installed as needed.

Central Telephone Company moved into its own building; enlarged and modernizing its facilities through installation of dial system of operation, underground cable in main business section of the city, increased the number of toll circuits from neighboring cities and has extended its lines and services into neighboring areas.

Forward looking city officials have seen to it that an ample supply of water is available for Asheboro now, and for "Greater Asheboro," as it grows and develops. Provision has been made for sufficient raw water supply to serve an ultimate population of approximately 80,000 through construction of a huge impounding reservoir on Back Creek west of Asheboro in 1946. Water and sewer lines have been extended and miles of additional streets and sidewalks have been paved.

In 1945 property in the city and immediate suburbs came under the authority of the newly appointed Planning and Zoning Commission; Radio Station WGWR was erected in 1947, installing FM equipment a short time later; Asheboro Memorial Foundation was incorporated in 1945; about 12 acres of land acquired, and a fine swimming pool was installed and opened to public use in June, 1948. During the period numerous agricultural activities were promoted, among which the "100 Bushel Corn Club" and Dairying projects, including the "Junior Dairy Cattle Show," were outstanding; a program to provide adequate schools has been emphasized during these years — new schools include Asheboro High School with Auditorium, Physical Education wing, Athletic field, etc., Asheboro Junior High School, Guy B. Teachey School, Lindley Park School, Charles W. McCrary School. New additions have been made to Park Street School, Fayetteville Street School, Balfour School, and Central High School. All the schools have served to make Asheboro Schools second to none for communities of similar size. The new Industrial Education Center offers an excellent adult education program.

During the first one hundred years of its existence, the town was largely a trading center for the area, having no industries worth mentioning. The lumber industry predominated during the next quarter century, while now the textile industry has surpassed all others in size and number of people employed. Present trends indicate further diversification of industry, which should contribute to the substantial character of growth in this area of community development.

Commercial enterprises, supported by a well balanced trade from rural and industrial areas, have kept pace with the progress of the city. Numerous new stores and service establishments have located along the streets of Asheboro, while the old established places have undergone renovation and remodeling to harmonize with the appearance of the new. Asheboro, four times winner of the top "Finer Carolina" award for being the best town in its population class of the Carolinas, is developing into a nice, well balanced little city.

RANDOLPH COUNTY HISTORICAL NOTES

Sandy Creek Baptist Church—Mother of Southern Baptist Churches —founded 1755 by Rev. Shubal Stearns of Boston, Mass. Shubal Stearns died November 20, 1771, and is buried near the meeting house. His grave is plainly marked.

Cox Mill was headquarters of Col. David Fanning, noted leader of the North Carolina Tories 1781-82. The mill stood near the site of present Beans Mill, State Historical marker located in Ramseur.

Franklinville—Col. David Fanning's men camped in this section during the Revolutionary War. Andrew Hunter, an ardent advocate of Liberty, lived near and was marked by Fanning as a victim for murder. From the Bridge may be seen the historic Faith Rock, over which Hunter plunged 50 feet into the river and escaped Fanning's men on Col. Fanning's own fine horse "Bay Doe."

Cedar Falls—Site of the first cotton mill—established in Randolph County 1839. Much of the original mill remains. In 1775 the lands of the village and on both sides of the river were granted to Herman Husbands by the Earl of Granville. The Baptist Church organized in 1844 has been in constant use—113 years. In the church yard is the grave of Col. Benjamin Elliott, Colonel of the Militia 1800, Clerk of Pleas 1779, and Quarter Sessions, and Member of the Senate 1931-33.

In Cedar Grove Township is located Balfour Graveyard in which rests the body of Col. Andrew Balfour, an ardent advocate of Liberty. The name of Col. Balfour is Commemorated in the Balfour Masonic Lodge No. 188 of Asheboro.

Hoover Graveyard—located in the Western Uwharrie Hills contains the remains of President Herbert Hoover's ancestors—"Andrew Hoover born in Germany 1723—came to America 1738—Settled in Pennsylvania 1744—Removed to North Carolina 1746—died 1794." There are 23 graves of Hoovers in this plot near Victor Parker's Mill.

Johnstonville—Site of Randolph County's first County Seat 1779-

1793. Court House ¼ mile west named for Governor Samuel Johnston. Erected October 1956 by Randolph County Historical Society. Located on Highway 311. Place now called Brown's Cross Roads.

GOVERNMENT

Asheboro's non-partisan businesslike city government is directed by a Mayor and five City Commissioners elected every two years. Their policies are executed by a City Manager. Citizens are proud of their comparatively low tax rate of $1.30 and the progressiveness and financial soundness of their municipal administration.

MANUFACTURING CENTER

A busy industrial center whose approximate annual payroll has passed the twenty-two and a half million dollar mark. Asheboro has a wide diversity of industries which include some of the largest hosiery mills and finishing plants in the state (men and women), plants manufacturing furniture for most every room in the home and upholstery plants. Other huge industrial plants include rayon, nylon, and orlon weaving, as well as nylon throwing mills; one of the nation's leading flashlight battery plants, and the largest manufacturer of automatic electric blankets and electric heating pads, vaporizers and baby food warmers, knitwear mills, a large shoe manufacturing plant, lumber plants, box manufacturers, an overall manufacturing plant, freezer locker, abbatoir, sausage, and other meat processing plants. Other industries include the making of playsuits, lingerie, neckties, T-shirts, men's underwear, concrete block products, brooms, mattresses, ice cream and mill processing, venetian blinds, braid and tape, plastic laminating, Trico products, wooden supplies for weaving machines, dye plants, surgical hosiery, sweaters, concrete silos, and several outstanding printing plants.

PUBLIC UTILITIES

Electric service is supplied to Asheboro and adjacent rural areas by Carolina Power & Light Company, which has vastly expanded its capacity and operating facilities in the Asheboro area during recent years. There has never been a power shortage in Asheboro, which is served from the main transmission system of Carolina Power & Light Company, thereby making available an ample supply of power for farm, industrial, and commercial uses. Randolph Electric Membership Corporation has its home office in Asheboro. It serves various rural areas of Randolph County, plus additional territory in Alamance, Chatham, Moore, and Montgomery Counties.

Asheboro's water supply is drawn from three surface lakes, the largest of which is on Back Creek about four miles west of here, where 1,433,000,000 gallons of water are impounded. This provides an adequate supply of raw water to serve an estimated population of 80,000. Asheboro's water is treated in a purification plant of modern design and under the supervision of expert technicians. The plant has recently been enlarged to double its present capacity. Present filter capacity 3,000,000 gallons. Peak consumption 2,225,000 gallons. Average 1,500-000 gallons.

A greatly expanded sewer system is completed. Sewage treating capacity 8,000,000 gallons per day.

Piedmont Natural Gas Company currently serving some 25 cities and towns in Piedmont Carolina extended its facilities to Asheboro and completed laying of gas lines for the sale and distribution of natural gas in the city during the summer of 1959. The gas is furnished by the Transcontinental Gas Pipe Corporation in sufficient quantities to supply Asheboro's civilian, commercial, and industrial needs.

Randolph Telephone Membership Corporation started operation in 1956 and serves residents in the rural areas of Randolph, Moore, and Chatham Counties.

Telephone service is supplied by Central Telephone Company, which company serves Asheboro and a number of other communities and rural areas in Randolph County. In keeping with other public utilities, this company has provided adequate facilities for considerable future growth.

Western Union's worldwide telegraph facilities are available through the local office in Asheboro.

Asheboro is served by the Church & North Western Railroad which connects with the Southern Railway's main line in High Point. Service is limited to freight only and is excellent.

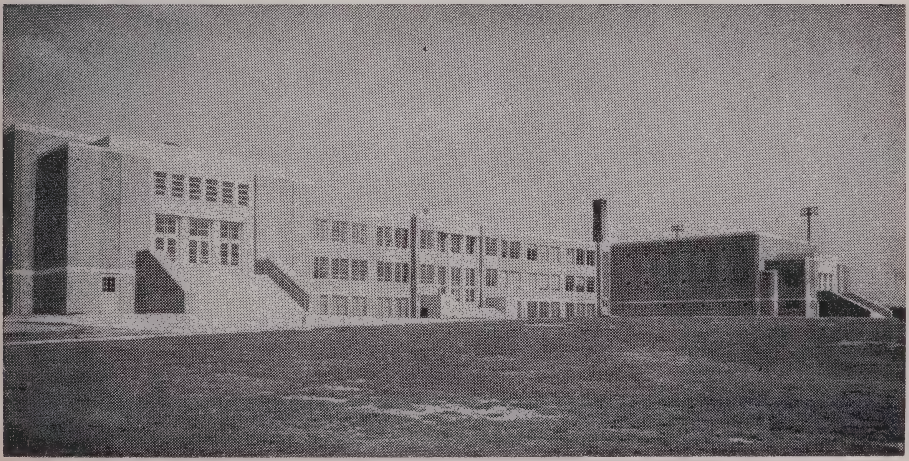
A comprehensive schedule of bus transportation and motor transit freight lines to the north, south, east and west is provided daily to Asheboro by several interstate and local bus lines. Five U. S. and State highways coverage in Asheboro, furnishing convenient routes in all directions. They include US 220, US 64, US 311, NC 49 and NC 902.

FINANCIAL FACILITIES

Asheboro's two well established banks, the Bank of Randolph and the First National Bank, together with the Randolph Savings and Loan Association and Peoples Savings and Loan Association, provide the capital to finance much of Asheboro's steady construction activity.

EDUCATIONAL AND RELIGIOUS FACILITIES

Asheboro's accredited public school system offers extensive facilities for the education of both white and colored children, and the new



Randolph Industrial Education Center which opened in 1962 has made possible the addition of an excellent adult education program to the offering which were already available. The Asheboro High School building, built and equipped at a cost exceeding $1,250,000 including funds from a bond issue voted by the citizens, stands as a model among structures of its type in the nation. A companion building, the Asheboro Junior High School, was completed in 1962 at a cost of $850,000 and put into use the same year. Asheboro has six elementary school for white pupils and an elementary and high school for colored pupils, all of which have been considerably enlarged and re-equipped within the past few years. Included in these latter schools are eighty-eight classrooms, with associated facilities, which have been constructed since 1954.

The two Commercial Colleges offer diploma courses in accounting, clerical, secretarial, stenographic, machines, and civil service.

With a state-wide reputation as a center of religious activity, Asheboro has a proportionately large number of churches representing the following denominations: Baptist, Methodist, Presbyterian, Catholic, Congregational Christian, Holiness, Friends, Episcopal, Evangelical and Reformed, Lutheran, Church of God and Wesleyan Methodist.

RECREATION AND SPORTS

Asheboro is an established center in the state and southeast for activities in several sports.

A public nine-hole golf course is popular among residents of Asheboro and the surrounding communities.

The Asheboro Country Club maintains a handsome clubhouse adjacent to a beautiful lake near US highway No. 64 a few miles west of the city. The first nine holes of a projected 18 hole golf course have been completed.

Asheboro Memorial Swimming Pool

McCrary Athletic Field and Asheboro High School Athletic Field, two of the best lighted athletic fields in the state, are used for intensive baseball and football schedules. The city-sponsored softball league operates a summer schedule of night games under lights at both the Memorial Park and High School diamonds. Central High School also has a well lighted athletic field.

No finer building and facilities for industrial and community recreation can be found in the South than are afforded by the new building of the Acme-McCrary Employees Recreation Association. The splendid brick structure includes a huge gymnasium equipped to seat 1,000 spectators, a glass-enclosed swimming pool for year round use, bowling alleys, a cafeteria, a reading room, lounges, soda fountain, and other accommodations.

A popular feature of Asheboro's recreation program is the $150,000 Asheboro Memorial Foundation, a private organization. The first facility to be developed on the Foundation's 12 acre tract in the city was a modern swimming pool and a children's wading pool. Six lighted tennis courts have been added and a lighted soft Baseball field. Funds have been raised and work started on the addition of a "Little League" Baseball Park which is to be lighted.

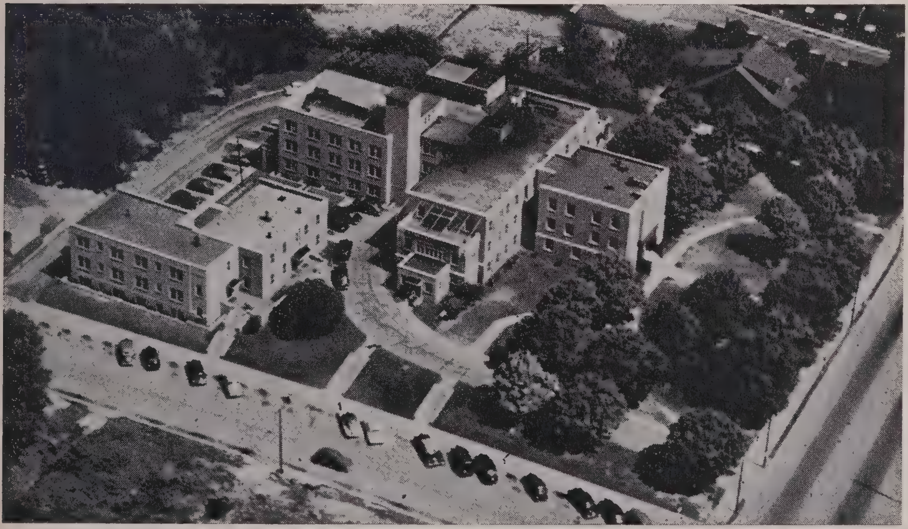
Archery is a popular sport in Asheboro and a range has been provided.

Bowling is also enjoyed by many in the lanes in two completely modern buildings. Both the American Legion and Veterans of Foreign Wars have their own buildings which are used in connection with civic activities.

Asheboro's civic spirit is evident in its wide variety of clubs and fraternal organizations, all of which furnish opportunity for social and fraternal contacts which add to the joy of living in Asheboro.

HEALTH ACTIVITIES

Towering above green terraces and set amid flower gardens and trees in the heart of Asheboro, North Carolina, is Randolph Hospital, a



Airview of Randolph Hospital, Inc.

102 bed and 25 bassinet institution serving the more than 62,000 people of Randolph County.

A unique feature of the hospital is a solarium of violet-ray glass on top of the building, indirectly lighted through glass brick panels and furnished in resort type furniture — the only hospital solarium of its type in North Carolina.

Randolph Hospital, Incorporated, is a comunity nonstock and nonprofit institution incorporated April 28, 1931, by a special act of North Carolina General Assembly. Through donations of public spirited citizens of Randolph County, a substantial grant from the Duke Endowment and a bond issue by the City of Asheboro, sufficient funds were raised to construct a 50 bed hospital and nurses home which was opened to the public July 9, 1932. In 1946 a wing was added to the hospital increasing the bed capacity. In May of 1951 the McCrary administrative office space, a lobby, several additional patient beds, and obstetrical delivery suite and newborn nursery giving the hospital its present bed capacity.

Currently under construction is a major expansion program which will amount to $1,750,000.00 and is expected to be completed in the Spring of 1964. This addition will add 65 beds. The emergency, X-ray, and Laboratory facilities will be expanded to accommodate a maximum patient census of 250. A completely new Surgical, Dietary and Pediatrics Department will be constructed. Also, the new feature of the proposed building program will be intensive care units, intermediate care units, and self care units which are three phases of the modern concept of hosiptal services called Progressive Care.

Adajacent to the hospital and constructed of the same cream brick and white limestone is a modern nurses' home.

Auxiliary services at Randolph Hospital include a crippled children's clinic, held one day each month and supervised by an orthopedic surgeon. This clinic is sponsored by the Asheboro Rotary Club and provides free services for crippled indigent children in the county. Hospital facilities are used in conducting twice monthly a cancer detection clinic sponsored by the Asheboro Wiwanis Club and North Carolina Department of Public Health. The Hospital Blood Bank is supplied by the American Red Cross Blood program through the Red Cross Blood Center in Charlotte. A corps of 177 Red Cross Grey Ladies recruited from Asheboro and Randolph County, come to the hospital each afternoon and evening to receive visitors, distribute mail, care for flowers, and operate a bookmobile.

A 48 member Ladies Auxiliary "Pink Ladies" work in the hospital each day to serve as official hostess for the hospital. They visit patients daily, provide patient escort service, operate a concession cart and assist nurses in their daily duties.

The Ministerial Association of Asheboro provides a hospital Chaplain for duty around the clock, 7 days per week.

Asheboro Municipal Golf Course

The hospital Medical Staff includes 29 doctors on the active staff, 6 doctors on the courtesy staff, and consultants from medical schools and adjacent cities who are recognized specialists in their field.

SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

VOL. XII 1964 VOL. XII

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◎) Before name denotes home-owners.

(*) Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has served thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

We Can Furnish You Any Directory Published in the World at Publisher's Price
SOUTHERN DIRECTORY CO.
15 RANKIN AVE. Chas. W. Miller, Mgr. ASHEVILLE, N. C.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
